| Result | Check result | * Kinjarapu Sukanya | <input checked="" type="checkbox"/> | <input type="checkbox"/> |

[+ ADD](#)

| Functional requirement | User story | No of Activity | Team Members |
|------------------------|---|----------------|-------------------------------------|
| Service catalog | As a user, I want to access an automated car catalog through the ServiceNow Service Catalog so that I can easily view, request, and manage available vehicles in the enhanced showroom system. | 1 | Kanta ainitha, Komanapalli santoshi |
| User creation | As a showroom manager, I want to automate user creation for the car catalog system in ServiceNow so that new users can quickly access and manage car listings efficiently. | 1 | Karri bhavani |
| Role creation | As a system administrator, I want to create and assign user roles (e.g., Sales Agent, Inventory Manager, Service Technician) in the automated car catalog system so that each user has appropriate access and permissions for enhanced showroom management in ServiceNow. | 1 | Kanta Anitha |
| Group creation | As a showroom manager, I want to create and manage user groups automatically in the Car Catalog System within Service now. | 1 | Kinjarapu sukanya |
| Table creation | User Story: As a showroom manager, I want an automated car catalog table in ServiceNow to efficiently manage and track vehicle inventory, features, and availability for enhanced showroom operations. | 1 | Karri bhavani |

| | | | |
|----------------|--|---|----------------------|
| Workflow | An automated car catalog system in ServiceNow streamlines enhanced showroom management by enabling seamless vehicle data entry, real-time inventory updates, and automated workflows for approvals, pricing, and customer inquiries. | 1 | Komanapalli santoshi |
| Service portal | As a showroom user, I want to access an automated car catalog through the ServiceNow service portal so that I can easily browse, compare, and request car models for efficient showroom management. | 1 | Kinjarapu sukanya |
| Result | A user can automatically view, manage, and update a real-time car catalog in the showroom using ServiceNow, streamlining inventory tracking and customer interactions. | 1 | Komanapalli santoshi |
